Dear Mr Stanczyszyn,

Catshill and North Marlbrook Parish Neighbourhood Plan – SEA / HRA Screening

Thank you for your consultation on the above dated 14th July 2020 which was received by Natural England on the same day.

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

Strategic Environmental Assessment Screening

Natural England considers that, based on the material supplied with the consultation, in so far as our strategic environmental interests are concerned, significant environmental effects resulting from the neighbourhood plan are unlikely. We therefore agree with the conclusion of the SEA screening report that a Strategic Environmental Assessment would not be required.

Further guidance on deciding whether the proposals are likely to have significant environmental effects and the requirements for consulting Natural England on SEA are set out in the [National Planning Practice Guidance](#).

Habitats Regulations Assessment Screening

Natural England welcomes the consideration given to the Habitats Regulations. We agree with the report's conclusions that the Catshill and North Marlbrook Parish Neighbourhood Plan would not be likely to result in a significant effect on any European Site, either alone or in combination and therefore no further assessment work would be required.

We would be happy to comment further should the need arise but if in the meantime you have any queries please do not hesitate to contact us.

For any new consultations, or to provide further information on this consultation please send your correspondences to consultations@naturalengland.org.uk.

Yours sincerely

Victoria Kirkham
