GUIDANCE NOTES

1. The applicant is the building owner.
2. One copy of this notice should be completed and submitted with plans and particulars indicating the works carried out and the appropriate fee.
3. The appropriate fee is dependent upon the type of work carried out. **Please Note:** that if payment is made by **cheque** there is a **two week** clearance period before the certificate can be released.
4. In accordance with the Building Regulation 18 the council may require an applicant to take such reasonable steps, including laying open the unauthorised work for inspection, making tests and taking samples as the authority think appropriate to ascertain what work, if any, is required to secure compliance with the relevant regulations.
5. These notes are for general guidance only, full particulars of a “Regularisation” request are contained in Regulation 18 of the Building Regulations 2010.
6. Persons who have carried out the building work or have made a material change of use of a building are reminded that permission may also have been required under the Town and Country Planning Act.
7. Further information and advice may be obtained from Building Control seminars.

Explanatory notes

1 Before you build, extend or convert a building to which the building regulations apply, you or your agent must submit a Building regulations application.

The charge you have to pay depends on the type of work, the number of separate properties, or the total floor area.

You can use the following tables with the current charges regulations to work out the charges. If you have any difficulties, please do not hesitate to call us.

2 The charges are as follows.

a. If you apply for a 'regularisation certificate' for any unauthorised building work that began on or after 11 November 1985, you must pay a regularisation charge to cover the cost of assessing your application and all inspections.

The charge is as shown on the attached tables. VAT is not payable on regularisation applications.

b. In certain cases, we may agree that you can pay charges in instalments. Ask at our building control office for details.

3 **TABLE A:** This shows the charges for small domestic buildings, for example, new houses and flats. You have to pay these if the total inside floor area of each building, except any garage or carport, is not more than 300m² and the building is not more than three storeys (each basement level is counted as one storey).

4 **TABLE B:** If the work is more than one domestic extension being undertaken as part of the same works, you may add the total inside floor areas of all storeys of all the extensions shown on the application to work out how much you have to pay.

5 **TABLE C:** applies if the extensions are more than 200m² floor area or three storeys in height. They also apply to any commercial (non-domestic) work any other works which can not be placed in Tables A or B.

6. Estimated Cost

This is the reasonable commercial cost that would be charged by a building contractor to carry out the work that is in your application. There is no reduction in the estimated cost for DIY projects. This ensures fairness. The estimated cost does not include VAT, any professional fees that are paid to an architect, engineer or surveyor, and the cost of buying any land.

7 Exemptions and reductions in charges.

a. If your plans have been approved or rejected, you won't have to pay again if you resubmit plans for the same work which has not started, provided you resubmit with 3 years of the original application date.

b. You don't have to pay charges if the work will **provide access** to a building or is an **extension to store medical equipment** or **provide medical treatment** facilities for a disabled person. In order to claim exemption, an application must be supported by appropriate evidence as to the nature of the disabled persons disability. In these regulations, a 'disabled person' is a person who is described under section 29(1) of the National Assistance Act 1948 (as extended by section 8(2) Mental Health Act 1959).

c. You do not have to pay charges for putting insulating material into an existing cavity wall, as long as it is certified to an approved standard and the work is carried out by an approved installer.

d. You do not have to pay charges for putting in an approved unvented hot-water system as long as the work is carried out by an approved installer or is part of a larger project.

e. If your application is for repetitive work, we may reduce the charges.

8 You have to pay VAT for all local authority Building Regulation charges, except for the regularisation charge.

These charges have been set on the following basis:

- 1. That the building work does not consist of, or include innovative or high risk construction techniques and / or the duration of the building work from commencement to completion does not exceed 12 months.**
- 2. That the design and building work is undertaken by a person or company that is competent to carry out the relevant design and building work. If they are not, the building control service may impose supplementary charges.**

North Worcestershire Building Control – Supplementary Charges

If you are selling a property that has been extended or altered, you need to provide evidence to prospective purchasers that any relevant building work has been inspected and approved by a Building Control Body. That evidence is in the form of a Building Regulations Completion / Final Certificate and / or an Approval or Initial Notice (called the 'authorised documents' in the Home Information Pack Regulations).

Legal entitlement to a Completion Certificate is subject to conditions. In cases where the Council is not told that building work is completed, or the building is occupied without addressing outstanding Building Regulation matters, a certificate is not issued. Despite the best efforts of the Council's Building Control Surveyors, many home owners who undertake building works fail to obtain a Completion Certificate and their application is archived. A fee is payable to re-open archived building regulations applications for the purposes of issuing a completion certificate.

Other charges are payable where we are asked to withdraw a Building Regulations application and refund fees, or asked to re-direct inspection fee invoices. Fees are payable in cleared funds before the release of any authorised documents or other actions listed below.
