

Using your membership

The facilities must be used in accordance with each centre's FANS/FACS conditions. Centres vary in what they offer members, and some impose restrictions on the time that facilities can be used for free. Centres cannot be used at times when the centre is not normally open; neither can training incur any extra costs (such as flood lighting).

In return for the benefits of FANS/FACS membership, the Council's Sports Development Team and participating facilities and services can use the scheme as a promotional tool. FANS/FACS members are expected to assist in promotional activity and events whenever possible and appropriate, including up to two years after membership has ceased, and are expected to attend at least one event per year.

Bromsgrove Sports Development Team is keen to keep up to date with members' recent competition results, national representation and ranking so you are required to inform the Sports Development Unit of your progress and successes throughout the year.

The Sports Development Team will also monitor how the scheme benefits its members in terms of how often facilities and services are used, and a questionnaire will be circulated each year to ascertain usage of the facilities, and the perceived benefits.

You can renew your FANS/FACS membership each year pending evidence of your continued participation at a national level.

FANS/FACS Centres

The centres listed below all offer free access to FANS/FACS members. Each centre varies in what it can offer in terms of facilities and the times that they can be used. Please select the most appropriate centre that fits in best with your training schedule.

Before making your final selection, you should contact the Sports Development Officer to find out about any restrictions imposed by the centres.
