**Bromsgrove District Council - Bromsgrove District Plan Review**
**Responses to Call for Sites Exercise – 2019/20**

**Tables of Sites by Parish – UPDATED NOVEMBER 2020**

A Call for Sites exercise took place alongside the District Plan Review Update and Further Issues Consultation from September-November 2019. Interested parties were invited to submit sites to the Council which they believed to have development potential, for possible inclusion in the District Plan Review. The Council only formally closed the site submissions process in August 2020, to allow all parties the best opportunity to submit potential development sites.

The Council now has a total of 441 sites to assess. This consists of 344 Call for Sites submissions and 97 existing SHLAA (Strategic Housing Land Availability Assessment) sites which had been submitted to the Council in previous years.

Disclaimer:

- The sites mapped are as they were submitted
  - Some sites extend outside of Bromsgrove District into other local authority areas, but the full extent of these sites have been mapped
- Some sites extend across a Bromsgrove District parish boundary; where this occurs these sites are referred to in all relevant parish tables
- Please note: these tables do not include 61 sites in Bromsgrove District which are located in non-parished areas

**NO CONCLUSIONS SHOULD BE DRAWN ABOUT THE DEVELOPABILITY OF ANY OF THE SITES AT THIS STAGE**

# Alvechurch Parish – 41 Call for Site Submissions (+ 13 SHLAA Sites)
