1. Introduction

Monitoring Framework

1.1 The Council has a duty to monitor the effectiveness of planning policies under Regulation 34 of the Town and Country Planning (Local Planning) (England) Regulations 2012, through the production of an Authority Monitoring Report (AMR). The Regulations set out what information should be contained in the AMR and are summarised in Table 1 below.

Table 1: Monitoring requirements

| Regulation 34 (1) | <p>Progress of the Local Development Scheme (LDS) Including:</p> <ul style="list-style-type: none"> the title of development plan documents (DPD) or supplementary planning documents (SPD) specified in the Council’s LDS the preparation timetable specified for each of the above documents the stage that each document has reached in its preparation if any document is behind schedule, identify the reasons why where any document identified above has been adopted or approved within this monitoring period, specify the date of adoption/ approval |
| Regulation 34 (2) | <p>Non implementation of a Local Plan policy</p> <ul style="list-style-type: none"> identify the policy set out the reasons why the policy is not being implemented set out the steps (if any) that the Council intends to take to secure that the policy is implemented |
| Regulation 34 (3) | <p>Housing delivery Including:</p> <ul style="list-style-type: none"> Housing requirement for the plan period number of net additional dwellings number of net additional affordable dwellings <p>Information to be recorded by:</p> <ul style="list-style-type: none"> the relevant monitoring period since the policy was first published, adopted or approved |
| Regulation 34 (4) | <p>Neighbourhood planning</p> <p>Details relating to where the Council has made a neighbourhood development order or a neighbourhood development plan</p> |
| Regulation 34 (5) | <p>Community Infrastructure Levy (CIL)</p> <ul style="list-style-type: none"> include information specified in regulation 62(4) of the Community Infrastructure Levy Regulations 2010 details of CIL receipts CIL expenditure in the relevant monitoring period summary of CIL expenditure |

| | |
|-------------------|--|
| Regulation 34 (6) | Duty to Cooperate Details of what action has been taken during the monitoring period with another local planning authority, county council, or a body or person prescribed under section 33A of the Localism Act 2011 (c.20, Part 6, Chapter 1, Section 110) |
| Regulation 34 (7) | Availability of AMR Make up to date information publicly available as soon as possible in accordance with Regulation 35: <ul style="list-style-type: none">• for inspection at the principal office and other appropriate locations• published on the Council's website |

1.2 The Bromsgrove District Plan (BDP) was adopted in January 2017. Monitoring and review is an essential part of the plan-making process and is crucial to the successful delivery of the Council's planning policy documents. The process of monitoring and review enables a comprehensive and robust evidence base to be built, against which Local Development Documents (LDD) and their implementation can be assessed. It also enables trends to be identified which the Council may need to respond to through production or review of DPDs, SPDs or individual policies.

1.3 This AMR monitors the period between 1 April 2022 and 31 March 2023.

Further Information

1.4 In accordance with Regulations 34 (7) and 35, this AMR can be viewed on and downloaded from the Council's website: www.bromsgrove.gov.uk This document is not currently available to view as a hard copy at the Bromsgrove Customer Service Centre (Parkside).

2. Local Development Scheme (LDS) Implementation

2.1 The LDS is a project management plan, which sets out the timetable for the production of all planning policy documents which the Council seeks to produce that collectively make up the Development Plan for the District. This section reviews the Council’s performance and progress in terms of document preparation against the timetable and milestones outlined in the LDS. Where there has been some deviation from the timetable, it is explained why this has occurred and indicates how the Council intends to respond.

2.2 Table 2 details the current LDS which came into effect in June 2021.

2.3 Table 4 indicates the targets the Council intends to achieve with its planning policy and document preparation by 31 March 2023. It records what was actually achieved and highlights, where necessary, revisions that will be needed to the LDS. Table 3 gives the performance indicators the LDS targets are assessed against.

3. Neighbourhood Plans

3.1 Neighbourhood Plans are community produced documents, which when ‘made’ (adopted) form part of the development plan for the District. The Council is committed to helping communities to produce Neighbourhood Plans and will engage constructively with local people throughout the process. Where resources allow, we will attend meetings and consultation events, give advice and review draft material.

3.2 Figure 1 identifies the Designated Neighbourhood Areas in Bromsgrove District. To date two Neighbourhood Plans had been made, one of which during this monitoring year. Table 6 gives details of the progress of the Neighbourhood Plans.

3.3 No published progress has been made on Neighbourhood Plans this monitoring year.

4. CIL / S106 Contributions

- 4.1 The Community Infrastructure Levy (CIL) represents a system of collecting monies from developer contributions to fund infrastructure, which benefit the development of an area. CIL came into force on 6th April 2010 through the CIL Regulations 2010 (as amended). The powers enabling Councils to introduce the planning charge having been introduced through the Planning Act 2008 (as amended). It introduced a standard charge per square metre applied to all qualifying developments. The charge is applied at the time planning permission is granted and normally be paid upon commencement of development.
- 4.2 CIL provides a more transparent, fairer approach to securing funds from developer contributions for a broader range of developments than from the existing planning obligations system (Section 106 legal agreements). It helps to secure a funding stream for infrastructure but should be regarded as complimentary to other sources of funding. The amount of CIL charged must be informed by and not adversely affect the viability of development in an area.
- 4.3 A CIL charging agreement is not in place in Bromsgrove District, currently, the mechanisms for securing developer contributions are through planning conditions, planning obligations (Section 106 obligations), highway contributions and sewer adoption (Section 104 agreements).
- 4.4 The Community Infrastructure Levy (Amendment) (England) (No. 2) Regulations 2019 (CIL Regulations) removed the previous pooling restrictions which restricted the number of developer contributions from planning obligations to just 5 per infrastructure project or type.
- 4.5 Table 7 identifies the planning obligations collected this monitoring year Please note that this money is from a number of development sites across the District.

Table 7: Planning obligations collected this monitoring year

| Purpose | Amount collected in monitoring period |
|--------------------------------------|--|
| Open Space Pay and Sports Facilities | £47,803.16 |
| Waste and Recycling | £3,673.91 |
| Monitoring Fee | £4,455.00 |
| NHS Primary Care | £13,994.75 |
| Community Transport | £13,548.87 |
| Total | £27,543.62 |

5. Duty to Cooperate

- 5.1 The Localism Act introduced the 'Duty to Co-operate'. This Duty requires local authorities to work with neighbouring authorities and other prescribed bodies to maximise the effectiveness of the preparation of their development plan documents and supporting activities so far as it relates to a strategic matter.
- 5.2 The Council continues to engage with neighbouring authorities as part of ongoing cooperation to inform plan-making and review. Activities will be documented when applicable in Statements of Common Ground with relevant Local Planning Authorities.

6. Brownfield Land Register

6.1 The Town and Country Planning (Brownfield Land Register) Regulations 2017 introduced a requirement for all Local Planning Authorities (LPAs) to prepare and maintain a Brownfield Land Register (BLR) by 31 December 2017. The BLR is a comprehensive list of all brownfield sites in a local authority area that are suitable for housing. The register will help house builders identify suitable sites quickly, speeding up the construction of new homes.

6.2 The BLR is compiled in two parts;

Part 1 includes sites categorised as previously developed land which are suitable, available and achievable for residential development;

Part 2 allows LPAs to select sites from Part 1 and grant permission in principle (PiP) for housing led development. There are currently no sites that have been put forward for Part 2.

Through the development management process, two applications have been granted PiP.

6.3 Table 7 lists all the sites included on the BLR this monitoring year. For further information including maps of these sites, please visit the Bromsgrove District Council’s website <https://www.bromsgrove.gov.uk/council/policy-and-strategy/planning-policies-and-other-planning-information/brownfield-land-register.aspx>

| BBLR9 | 50,52 & 54 Rear of Red Lion Street, Alvechurch | 0.25 | Not permitted | |

7. Custom and Self-build Register

7.1 The Government wants to enable more people to build and design their own homes and the Self-build and Custom Housebuilding Act 2015 (as amended) sets out how Councils should manage the demand for self-build and custom house building through the introduction of a Self-build Register. The Self-build Register provides an indication of the demand for self and custom build homes in Bromsgrove and allows the Council to develop its housing and planning policies to support the most appropriate self and custom build projects.

7.2 As of 1 April 2016, Local Authorities are required to keep a register of individuals and associations who are interested in self-build in their area.

7.3 The Council decided to introduce a local connections test, as permitted through the Self-build and Custom Housebuilding Regulations 2016. We therefore require any applicants to provide suitable evidence of their connection to Bromsgrove District. A local connection to Bromsgrove District is defined as any of the following:

- a. you are a resident in the District;
- b. you or a member of your immediate family (someone you share a home with) are employed in the District;
- c. because of a family association; or
- d. because of special circumstances.

7.4 This allows the Register to be split into two parts:

Part 1 – Those that provide all the required information and meet the local connection test

Part 2 – Those that provide all the required information but do not meet the local connection test.

Table 8: Number of additions to the Self-build Register within the relevant Monitoring Periods (Part 1 and 2 of the Register)

| Monitoring Period | Number of additions to the Self-Build Register |
|--------------------------|---|
| 17/05/16 – 30/10/16 | 8 |
| 31/10/16 – 30/10/17 | 15 |
| 31/10/17 – 30/10/18 | 6 |
| 31/10/18 – 30/10/19 | 8 |
| 31/10/19 – 30/10/20 | 6 |
| 31/10/20 – 30/10/21 | 16 |
| 31/10/21 – 30/10/22 | 16 |

Table 9: Number of entries on each part of the Self-build Register

| Part of Register | Number of entries |
|-------------------------|--------------------------|
| Part 1 | 49 |
| Part 2 | 26 |

7.5 34 applicants stated a preferred specific location within the District for where they would want a self-build plot. The remainder of applicants, where a location was specified, requested plots anywhere within the District.

8. Housing Delivery

Housing Land Supply

8.1 The housing requirement for Bromsgrove District is for the construction and completion of 7,000 dwellings between 1 April 2011 and 31 March 2030. For the Plan period (2011-2030) an average of 368 net completions per annum is required to meet the District’s housing requirement. Table 11 shows the housing delivery performance to date.

Table 11: Housing delivery performance against BPD 2011-2030 requirement

| | Year | | | | | | | | | | | | Total | |
|-----------------------------|-------|-------|-------|-------|-------|-------|-------|-------|-------|-------|-------|------------|-------------|-------------|
| | 11/12 | 12/13 | 13/14 | 14/15 | 15/16 | 16/17 | 17/18 | 18/19 | 19/20 | 20/21 | 21/22 | 22/23 | | |

8.2 BDC monitors the number of completed dwellings annually, as well as the number commitments within the District, which feed into the five year housing land supply figure. This monitoring year (2022/23) there were a total of 193 completed dwellings (net), with a further 150 under construction and 2142 dwellings not started which benefit from valid planning permission.

8.3 The five year housing land supply figure for Bromsgrove District for 2022/23 is **3.3 years**. For further information on how the five year housing land supply is calculated, please see the Housing Land Supply document¹.

8.4 There was a total of 16 applications whose planning permission lapsed this monitoring year, relating to 74 dwellings (gross).

Brownfield/Greenfield

8.5 Historically, Bromsgrove has achieved high figures of housing built on brownfield land, a trend which continued this monitoring year with many completions occurring on a large strategic brownfield site. Additionally, this monitoring year several medium sized sites with change of use schemes were completed, which also contribute as brownfield sites. The District Plan identifies further strategic development sites, some of which have not started construction, which are greenfield land, which means that in future years a smaller percentage of brownfield completions is to be expected.

8.6 Brownfield sites are a finite resource and will be prioritised before greenfield sites in the Local Plan Review to ensure best use of land. Table 12 identifies the distribution of housing on brownfield and greenfield land from 2011/12 to 2022/23.

Affordable Housing

8.7 Table 13 shows the tenure of affordable housing completions this monitoring year.

8.8 55 affordable dwellings were completed in 2022/23. This reflects the lower total completions across the District, and the smaller number of large strategic sites that are currently under construction. There are 498 affordable housing commitments as of 1 April 2023.

Table 13: Affordable housing completions (net) 2011/12 to 2022/23

| | Affordable Rent | Intermediate Housing ² | Social Rented | Rent to Buy | Total Affordable |

(N.B For every year prior to 2018/19, the affordable housing completions by tenure do not include those affordable dwellings on sites still under construction.)

² Including Shared Ownership

9. Employment Delivery

9.1 For the purposes of the AMR, employment land relates to business, industrial, storage and distribution uses only, as defined by classes B1, B2 and B8 of the Town and Country Planning (Use Classes) Order 1987³.

Table 14: Total amount of additional employment land 2011-2030

| Total | 6.18 | 5.38 | 11.56 |

Please note – numbers have been rounded and so may not add up precisely

9.2 Table 14 shows that of the 28ha required as an indicative long-term requirement of readily available employment land up until 2030, development has already been completed on 11.56ha of land since 2011. This is 41% of the District’s total employment land requirement.

Table 15: Total amount (allocations and windfalls) of additional employment 2022/23

| Use Class orders | Amount (ha) |
|--|-------------|
| B1 | 0.869 |
| B2 | 0 |
| B8 | |
| Sui Generis | 0.82 |
| B1, B2, B8 (Permission granted for all three uses) | 0.091 |
| Total: | 1.78 |

9.3 Table 16 provides an update on the provision of employment land for each component of employment land supply up to 1st April 2023.

³ On 1 September 2020, the Use Classes Order 1987 was amended and Class B1 no longer exists, instead being considered under Use Class E. For the purposes of this AMR, development in Table 13 will still be categorised under the superseded B1 Class.
